

WEEKEND IN & AROUND TORINO

Weekend in & around Torino is an extraordinary opportunity to turn your weekend into a true vacation. Choose where to sleep from the many participating hotels, in and around Torino. The formula includes two nights and a 2-day Torino+Piemonte Card for each adult: perfect for enjoying the stay of your dreams at a really special price. The offer is valid for two people sharing a double room, including breakfast, and one kid under age 12 can sleep free of charge, in the parents' room. What's more, the hotels taking part in the initiative are offering some wonderful surprises. And if you decide to stay three nights instead of two, you can take advantage of even better rates!

Booking is easy!

Pick one of the participating hotels listed in the following pages and book your weekend at least 7 days before your arrival date. You choose whether to book directly with the preferred establishment or to make a 3-click reservation logging on to www.turismotorino.org/weekend/en, to check offers availability 24/7.

It's worth staying!

Now, the most convenient weekend lasts three days! Extend your stay in Torino and the surrounding area and profit from a really advantageous rate for the third night: an excellent reason to stay. You can decide whether to continue your vacation in the same hotel or move to another of the participating hotels, as long as it is located in another municipality. In both cases, all you have to do is communicate your decision at least seven days in advance. If you change hotel, send your weekend booking to the new establishment to benefit from the convenient rate for the third night. To take advantage of this remarkable special offer, the third night must be consecutive to the weekend of your stay.

Rates

Rates range from € 69.00 to € 175.00 per person according to the chosen hotel. One kid under age 12 can sleep in the parents' room and have breakfast free of charge. The rate includes two nights with breakfast, a 2-day Torino+Piemonte Card for each adult, and one or more extras offered by the hotel. The conditions of your stay for the third night remain the same: breakfast is included in the rate for overnight accommodation and one kid under age 12 can sleep in the parents' room.

Note

All rates are per person. The offer is only open to individual tourists: it does not apply to groups of more than 10 and to participants in congress and conferences. Weekend in & around Torino cannot be combined with any other offer and it may not be available during important events.

The hotels marked with * cannot be booked on line and must be directly contacted

Please note!

Saturday morning guided tours "City Centre" and "Egyptian Museum", included in some offers, are not available for May 8 and 15, 2010. Still, clients will be able to join the "City Centre" tour scheduled on the same day at 3pm.
